I needed Dr. Danko because I have scoliosis in my back and herniated discs in my neck and lower back. My primary physician recommended going to Premier Pain Treatment Institute. Dr. Danko knew exactly what to do. The first time I saw him I felt the value of his treatment; it helped so much. In a short while I was able to walk up steps without pain.

All I did previously was take pills for pain management. Now I'm able to live without medication because Dr. Danko is an expert. Dr. Danko will find what's wrong and fix it—plain and simple. I can do things now I couldn't even dream of before going to Dr. Danko.
